

## RUSSMAN M

Walk Behind Scrubber

The Australian owned Russman range of pedestrian scrubber driers have been designed and built in Italy with industry feedback and first hand experience. Proving to be the product of choice for the cleaning industry with many options fitted as standard.

MAX PRODUCTIVITY

2200 m<sup>2</sup>/h

WORKING WIDTH

500 mm

NOISE LEVEL

66 dBa

### FEATURES

#### SOFT START MOTOR

Reduces shock loading on motor bearings and transmissions for longer life.

#### ZINC COATED STEEL FRAME

Strong rust resistant frame extends machine life.

#### AUTO FILL SHUT OFF

Connect a hose for filling the machine and the flow automatically shuts off at the correct level.

#### VACUUM MOTOR SHUT OFF

Recovery tank float gives a timed shut off of the vacuum motor when the tank is full, protecting the motor from water ingress.

#### TANK IN TANK DESIGN

Guarantees perfectly balanced machine throughout the operating cycle.

#### COMPLETE ACCESS TO RECOVERY TANK

Raising the lid exposes complete access to the recovery tank. This feature ensures compliance with HACCP sanitary regulations.

#### EASY BATTERY ACCESS

Quickly disconnect solution hose and lift tank up to reveal batteries for inspection.

#### SUPER QUIET VACUUM MOTOR

The Russman range of scrubbers deliver a low noise level of 66 dBa at the operator's ear, suitable to meet stringent OHS requirements and noise sensitive environments such as hospitals and public spaces.

#### EASY ACCESS

Perfect access to the brush or pads in the raised position.

The Russman M walk behind scrubber is engineered to provide exceptional cleaning from a small overall package. Available in battery or cord versions. Its compact size and location of batteries provides manoeuvrability and stability to negotiate around benches, aisles and through doorways. Fitted with on board battery charger this unit is easy to store when not in use. With an operating noise level of 66 dBa provides quiet operation for public spaces. The Russman M model is an excellent choice for applications such as:

Automotive workshops, small supermarkets, wineries, commercial bakeries, and kitchens.

Available in both 240V or 24V battery versions and scrub widths of 450-500mm.

All Russman products are backed with a 12 months parts and labour warranty this coupled with our extensive parts stock and service knowledge will keep your machine cleaning.
